

It is a busy Monday in ‘*Susan’s Hair Salon*’ and you have been working on reception.

- a. Work out how much each customer must pay, using the price list provided.
- b. Then work out how much change each customer needs.

Remember to show all your calculations clearly.

1. Delia had a cut and blow dry with a deep conditioning treatment. She paid with two £20 notes.
2. Helen had highlights, a deep conditioning treatment, a cut and blow dry and a glossing treatment for her 21st birthday. She paid with two £50 notes.
3. Susie treated herself to highlights and a cut and blow dry, with a deep conditioning treatment. She paid with four £20 notes.
4. Sadia had her hair dry cut. She paid with two £10 notes.
5. Mr Albert, who is an OAP, just came in for a trim. He paid with a £10 note.
6. Hassan wanted blonde highlights in his short hair. He left a £5 tip for the staff as he was so pleased with the result. He paid with a £50 note.
7. Katia had a dry cut on her very short hair. She left her purse at home and only had £3 in her pocket. How much does she still owe?
8. Mandy brought her two children, Sam and Rebecca, in for a dry cut each. She paid with a £10 and a £5 note.
9. Joe had a razor design haircut. He paid with a £10 note and three £5 notes and left a £2 tip.
10. a. How much money did the salon take at the end of the day?
b. How much money are they still owed?

Challenge Question:

The monthly rent for the salon is £1449.58. Susan must pay the rent on Monday.

The salon took in £6128.66 in total over the month. Wages cost £3570.44 and a delivery of supplies costs £1621.91. Will Susan have enough money to pay the rent?

Answers

1. Delia had a cut and blow dry with a deep conditioning treatment. She paid with two £20 notes.
 $\text{Cost} = \pounds 23.50 + \pounds 7.50 = \pounds 31$ $\text{Change} = \pounds 9$
2. Helen had highlights, a deep conditioning treatment, a cut and blow dry and a glossing treatment for her 21st birthday. She paid with two £50 notes.
 $\text{Cost} = \pounds 45 + \pounds 7.50 + \pounds 23.50 + \pounds 10 = \pounds 86$ $\text{Change} = \pounds 14$
3. Susie treated herself to highlights and a cut and blow dry, with a deep conditioning treatment. She paid with four £20 notes.
 $\text{Cost} = \pounds 45 + \pounds 23.50 + \pounds 7.50 = \pounds 76$ $\text{Change} = \pounds 4$
4. Sadia had her hair dry cut. She paid with two £10 notes.
 $\text{Cost} = \pounds 12.50$ $\text{Change} = \pounds 7.50$
5. Mr Albert, who is an OAP, just came in for a trim. He paid with a £10 note.
 $\text{Cost} = \pounds 5$ $\text{Change} = \pounds 5$
6. Hassan wanted blonde highlights in his short hair. He left a £5 tip for the staff as he was so pleased with the result. He paid with a £50 note.
 $\text{Cost} = \pounds 25 + \pounds 5 \text{ tip} = \pounds 30$ $\text{Change} = \pounds 20$
7. Katia had a dry cut on her very short hair. She left her purse at home and only had £3 in her pocket. How much does she still owe?
 $\text{Cost} = \pounds 12.50 - \pounds 3 = \pounds 9.50$ she still owes
8. Mandy brought her two children, Sam and Rebecca, in for a dry cut each. She paid with a £10 and a £5 note.
 $\text{Cost} = \pounds 6.25 \text{ each} \times 2 = \pounds 12.50$ $\text{Change} = \pounds 2.50$
9. Joe had a razor design haircut. He paid with a £10 note and three £5 notes and left a £2 tip.
 $\text{Cost} = \pounds 21.75 + \pounds 2 \text{ tip} = \pounds 23.75$ $\text{Change} = \pounds 1.25$
10. a. How much money did the salon take at the end of the day?
 $\pounds 31 + \pounds 86 + \pounds 76 + \pounds 12.50 + \pounds 5 + \pounds 30 + \pounds 3 + \pounds 12.50 + \pounds 23.75 = \pounds 279.75$
- b. How much money are they still owed?
 $\pounds 9.50$
