

Divide each number in the first column by 320. Write the answer shown on the calculator display. Then round this answer to the nearest whole number and to one, two and three decimal places (dp).

Number	Calculator display	Round to the nearest whole number	Round to 1dp	Round to 2dp	Round to 3dp
575	1.796875	2	1.8	1.80	1.797
421					
1 922					
5 949					
7 753					
8 514					
9 654					
3 182.5					
11 638					
663.795					
519.84					
571.12
